

JUNE, 1977

GRESHAM HISTORICAL SOCIETY

Our next meeting will be Monday, June 13, 1977 in the Court Room above the Senior Adult Center. The Directors' meeting will be at 7:00 p.m., followed by the general meeting at 7:30 p.m.

Conny Johnson, our guest speaker, will give a film presentation on the settling of the west. He's taken all the pictures himself - some of them have never been shot before.

One of the main topics at the meeting will be a discussion of plans for a one-day outing on the Old Barlow Trail. We'll provide transportation for anyone without a car and will tour various segments of the trail. We would like to do this sometime this month.

HELP!! One of the most enjoyable parts of our meetings is the refreshment time after the meeting. In order to continue this, we need two people a month who can volunteer to supply cookies, donuts, cake, or similiar sweets. If you would like to contribute, please phone our Refreshment Chairman, Louise Long, at 666-2934.

For those who were not at our last meeting, and to reiterate the proceedings for those who were, we are undertaking a project that will make us unique and will be useful in creating a Genealogical department in our Society.

Hopefully, this will be able to be completed by the end of the year. We're asking each charter member to complete a pedigree chart for four generations (through your great great grandparents) and family group sheets through two generations. We hope that they will be accurate and complete.

NAMES are written: Susan Kay EID (Women use maiden names)

DATES are written: 2 June 1977

PLACES are written: Fairview, Multnomah, Oregon

- #1 on the pedigree chart is you.
- #2 on the pedigree chart is your father.
- #3 on the pedigree chart is your mother.
- #4 on the chart is your father's father.
- #5 is your father's mother.
- #6 is your mother's father.
- #7 is your mother's mother.

If you have any questions, or need extra sheets, please don't hesitate to call Susan Clift, Vice-President, at 666-5165 and she will gladly help you with your problems.

After all members submit their charts they will be copied onto special perm-a-life paper and bound into a handsome volume for our Society.

Your cooperation is greatly anticipated and appreciated.
